### RFQ FROM DESIGN-BUILD ENTITIES FOR A PROGRESSIVE DESIGN-BUILD FOR THE CONTRA COSTA COUNTY EAST COUNTY SERVICE CENTER (ECSC) PROJECT

Addenda: 4

4/28/25 2:00 PM 25-01069 Brentwood

\$130,000,000

Public Works

Plan Issuer: Contra Costa County - Public Works Department 925-313-2000 000-000-0000  
Prebid Conf: MAND 3/31 @ 9 AM at Administration B Building, 1026 Escobar Street, Martinez  
(Meet in the Ground Floor Lobby to be escorted to the conference room)

Project located at Technology Way in Brentwood, the East County Service Center will be a three-story, approximate 120,077 GSF structure with surface parking. This will be the first regional service center of its kind for the County, co-locating ten different County Departments in one location. The project vision is, to provide a new integrated County service center for the residents of East County; that is convenient, innovative, accessible and an anchor to the community; by offering a full range of public services in a flexible, safe, and welcoming environment.

**RFQ/P LIGHTING RETROFIT AT HART MIDDLE AND PLEASANTON MIDDLE SCHOOLS**

**Addenda: 4**

**4/28/25 2:00 PM** 25-01074 Pleasanton

**School**

Plan Issuer: Pleasanton Unified School District 925-426-4336 000-000-0000  
Prebid Conf: MAND 3/26 @ 8 AM at Hart Middle School, 4433 Willow Road, Pleasanton then move to Pleasanton Middle School about 8:45 AM, 5001 Case Avenue, Pleasanton. Contract #: 2024-25.20  
Must attend both site walk on March 26, 2025.

The Pleasanton Unified School District (PUSD/ "District") is seeking proposals from qualified contractors to implement campus wide interior LED lighting retrofits at Hart Middle and Pleasanton Middle Schools. The District has conducted walk through lighting audits, from which relevant information is provided to the bidders for reference and used to estimate the scope of work. The scope of work includes approximately 3,500 fixtures, which are predominantly linear fluorescent T8 to LED retrofits along with a small portion of highbay and downlight retrofits. It is expected that the installer will use design-build process to complete the lighting upgrades, including the contractor's own lighting survey to confirm detailed locations, fixture counts, types and applicability of retrofit strategies.

### ADVANCED SKILLS TRAINING BARRACKS, PARKS RESERVE FORCES TRAINING AREA

**Addenda: 2**

**4/29/25 11:00 AM 25-01282 Dublin**

**\$25,000,000 to \$100,000,000**

**State-Federal**

Plan Issuer: US Army Corps of Engineers - Louisville District

502-315-7494

000-000-0000

Prebid Conf: 3/27 @ 10 AM

Contract #: W912QR25R0028

Construction of the Advanced Skills Trainee Barracks located Parks Reserve Forces Training Area, California. This is a Design/Bid/Build project for the construction of a 45,000 SF Barracks to support the Non-Commissioned Officers Academy (NCOA) and 80th Training Command Total Army School System (TASS). Primary facilities include a permanently constructed barracks building with two and three person rooms to house students attending both schools. The project will include information systems, fire protection and alarm systems, video surveillance system, energy monitoring control systems connection, electrical, plumbing, heating, ventilation, and air conditioning. Supporting facilities include site development, utilities and connections, lighting, paving, walks, curbs and gutters, storm drainage, information systems, landscaping, and signage. Sustainability, energy, and cyber security measures will be provided as will furnishings, equipment, and accessibility for the disabled. Antiterrorism force protection physical security measures will be incorporated into the design including maximum standoff distances from roads, parking areas and vehicle unloading areas. Facilities will be designed to a minimum life of 40 years in accordance with DoD Unified Facilities Criteria 1 200-02 including energy efficiencies, building envelope and integrated building systems performance.

This project is set-aside 100% for Small Business.

Prebid Conf: 4/8 @ 10 AM (Meet at Marin County Civic Center, 3501 Civic Center Dr, San Rafael) Contract #: 41C2405

The purpose of this Project is to engage a qualified contractor for a professional roof cleaning project to be carried out in strict accordance with the roof manufacturer's guidelines and the design team's specifications. This project aims to thoroughly clean the roof surface and make any necessary repairs, protect its warranty, and ensure it maintains peak condition and appearance. To ensure compliance and quality, we are specifically looking for certified installers or contractors authorized by the roof membrane manufacturer Sika Corp. Bidders must demonstrate expertise in roof cleaning that aligns with the manufacturer's standards, preserving the integrity of the roof.

**LICENSE REQUIREMENTS:** The Contractor shall possess a valid Class "A", "B", or C-39 General Contractors License at time of bid submittal.

Questions concerning the Bid should be submitted via Bid Express at: <https://www.bidexpress.com/businesses/53528/home> no later than 4:00 PM on Friday, April 18, 2025.

**Public Works**

Plan Issuer: Alameda County General Services Agency (GSA)

510-208-9700 510-208-9711

Contract #: 902602

Prebid Conf: 4/1 @ 10 AM via Zoom

It is the intent of these specifications, terms, and conditions to describe the as needed maintenance, repair, and services for commercial boilers as requested by the County.

The County intends to award a three-year contract (with the option to renew for two years) to a pool of up to two (2) Bidders selected as the lowest responsive and responsible Bidders whose response meets the County's requirements.

The Alameda County General Services Agency - Building Maintenance Department (GSA-BMD) is tasked with the essential responsibility of overseeing the maintenance, repair, and operational upkeep of a vast array of facilities. With a remarkable portfolio that includes over 182 buildings ranging from administrative offices and courthouses to youth centers, veterans memorial halls, parking structures, and detention facilities, the department services a collective area of approximately 8.1 million square feet. This extensive coverage reflects GSA-BMD's dedication to ensuring that each facility remains not only functional but also conducive to the needs of the community, providing a safe and welcoming environment for employees, residents, and visitors alike. Their efforts encompass everything from routine maintenance tasks to urgent and emergency repairs and replacements, demonstrating a commitment to excellence in public service and facility management. Contractor will provide as-needed maintenance, repair, and services for commercial boilers within the facilities.

Contract #: 11918.66 - TP 0004

THIS IS AN ADVERTISEMENT ONLY. BID DOCUMENTS WILL NOT BE AVAILABLE TO REVIEW IN ONLINE PLAN ROOM. ADVERTISEMENT FOR INVITATION TO BID IS AVAILABLE IN SPECS FOLDER.

Design-Builder Firm Name: Clark Construction

The Airport has a series of cargo buildings at the end of their useful life. This replacement 254,000 square feet, two-story cargo facility has been planned with approximately 106,000 square feet on level 1 and approximately 88,000 square feet on level 2, and a combined 60,000 square feet of mezzanine-level space, half of which would support level 1, and half of which would support level 2. The building will require landside maneuvering depth from West Field Road for approximately 28 trucks. The first phase of this facility will likely be occupied by an airline tenant.

Trade Package Title: Electrical Core Subcontractor

Scope of Work: Design services provided by design-build contractor for electrical and low voltage systems, including but not limited to communication, security and fire life systems.

**Public Works**

Plan Issuer: San Mateo County Harbor District 650-741-9176  
 Prebid Conf: 4/3 @ 2PM (Via Zoom Conference) Contract #: 2025-02

District requests proposals from qualified Proposers to provide design, engineering, public outreach, permitting and construction management services for the Burnham Strip Overflow Parking Lot Project, a project to improve recreational access to the San Mateo Coast.

The District intends to create a new parking lot and greenspace area in order to accommodate overflow vehicle parking caused by a high number of users at Pillar Point Harbor, launch ramp, local restaurants, retail businesses and local public beaches (to include Surfers Beach). Therefore, the District is currently requesting qualified firms or individuals to submit design, engineering, public outreach, permitting and construction management proposals for consideration.

**SFFD FIRE STATION 9 ROOFING REPLACEMENT**

**Addenda: 7**

**4/30/25 2:30 PM 25-01156 San Francisco**

**\$500,000**

**Public Works**

Plan Issuer: City & Co of San Francisco - DPW contractadmin.staff@sfdpw.org

628-271-3139

000-000-0000

Prebid Conf: 4/8 @ 10 AM - Pre Bid / Job Walk (Meet at SF Fire Department Station 9, 2245 Jerold Ave, San Francisco)

Contract #: 0000010541

The Work is to replace the existing roof at SFFD Fire Station No. 9, which is a two-story building approximately 80'x80' in footprint and located at 2245 Jerrold Avenue. The existing roofing is a tar-and-gravel roof system approximately 6,400 square feet in area. The roof is generally flat with a few mechanical equipment on top of the roof. There are some existing fans, vents, and small amounts of exposed ducts/pipe. The project scope involves demolishing the existing built-up roofing system including gravel ballast, roofing membrane, pitch pockets, and elastomeric coating upturns. Install new roofing system, roof hatch safety post, new elastomeric coating on inside face of existing concrete parapet. Raise roof curbs where required to achieve sufficient roof upturn. Remove and re-install existing roof hatch on new raised concrete curb, to accommodate new insulation thickness. Patch and repair existing cavities and corroded rebar on inside face of existing concrete parapet.

The time allowed for completion is 60 consecutive calendar days. The estimated construction cost is approximately \$500,000. Quotes in excess of \$1,170,000 may not be awarded through this informal bidding process.

LICENSE REQUIREMENT: Class "B" License is required to bid.

Questions: Tony Abuyaghi, Project Manager, at (628) 271-2876, or email: [tony.abuyaghi@sfdpw.org](mailto:tony.abuyaghi@sfdpw.org).

### **TENDERLOIN REC CENTER CHILDREN'S PLAY AREA IMPROVEMENT PROJECT (CITYWIDE PLA)**

**Addenda: 5**

**4/30/25 2:30 PM 25-01338 San Francisco**

**\$1,600,000**

**Public Works**

Plan Issuer: City & Co of San Francisco - DPW contractadmin.staff@sfdpw.org

628-271-3139

000-000-0000

Prebid Conf: 4/14 @ 10 AM (Meet at the Tenderloin Rec Center, 570 Ellis St., San Francisco)

Contract #: 0000010562

Tenderloin Rec Center Children's Play Area Improvement project is located at 570 Ellis Street, San Francisco between Hyde Street and Leavensworth Street. The Project will renovate the Children's Play Area (CPA) by creating a nature-focused play and exploration area, enhancing outdoor recreation, adding seating, expanding planting areas, and implementing ADA improvements. The scope includes demolition of the current play equipment and rubber tile surfacing, demolition of hardscape, relocating the portable soccer pitch to the front of the property, and shifting the play area to the rear corner. The new play area will feature updated equipment, resilient surfacing, and log edging for nature exploration. Some of the play equipment will be pre-purchased by a donor and installed by the contractor. The soccer pitch will undergo minor improvements to comply with ADA standards, and synthetic turf will replace the existing plastic tile surface. Tiered concrete seating between the play area and soccer pitch will serve as an outdoor classroom. A new seating area with benches will be added near the entrance, and picnic tables will be placed next to the gymnasium. The project also includes new planting, irrigation, and subsurface drainage. The remaining asphalt surfacing will receive a new acrylic topcoat with sport court striping. ADA improvements will involve reconfiguring the steel handrails at the wheelchair ramp, replacing the drinking fountain, and upgrading the pavement along the path of travel.

LICENSE REQUIREMENT: Class "A" License is required at time of award.

For more information, contact the Project Manager, Keri Ayers, at (415) 885-9252, or email: Keri.Ayers@sfgov.org.

### RFP RESERVOIR CLEANING SERVICES

**Addenda: 4**

**5/1/25 11:00 AM 25-01205 Various Cities**

**Public Works**

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300

000-000-0000

Prebid Conf: 4/14 @ 8:30 AM at 1331 Concord Avenue, Concord, and continue to reservoirs. Contract #: 2613

The Reservoir Cleaning Projects consist of removal of sediments by vacuum or pump and disposal of solid and liquid materials removed from each reservoir. The time required to complete the project could take several months depending on sediment, disposal, weather, and water demand. CCWD will have personnel on site during cleaning, but all cleaning operations will be performed by the Contractor including conducting site management.

Questions concerning Reservoir Cleaning Services should be directed to the CCWD Purchasing Officer at [ccwdpurchasingrequests@ccwater.com](mailto:ccwdpurchasingrequests@ccwater.com), referencing RFP #2613 and must be received by April 14, 2025 by 4:00 PM (PST).

**School**

Plan Issuer: Oakland Unified School District

510-879-8642

000-000-0000

Contract #: 25039

The purpose of this Request for Qualification and Proposals (RFQ-P) is to solicit Proposals from a solid waste management company that can provide the District with all the services necessary to collect and process the District's solid waste (including at minimum, garbage, compostable and commingled recyclables). The District intends to select one or more contractors through this RFQ-P process that are believed to be able to provide the best value to the District. The selected Contractor or Contractors will manage a comprehensive Solid Waste Management Program ("SWMP") that assists the District's Waste Prevention Program that implements waste management best practices to promote source reduction, recycling and composting, and environmentally-safe transformation and environmentally safe land disposal. The selected Contractor will also need to support and assist from a district wide to individual site compliance with State Mandate SB1383. The successful Contractor shall also make recommendations to the District on procedures to implement to attain this objective.

**RICHMOND HIGH SCHOOL UTILITY MAKE READY PACKAGE (SUB-BIDS ONLY)**

**Addenda: 1**

**5/1/25 2:00 PM 25-01270 Richmond \$8,000,000 School**  
Plan Issuer: BHM Construction, Inc. Bids@bhmconstruction.com 707-643-4580 707-643-4581

\*\*\* WAITING FOR DOCUMENTS \*\*\*

Richmond High School Utility Make Ready Package.

BHM Construction is requesting subcontractor bids for the following scopes of work only: Earthwork, Grading, Utilities for campus modernization.

The West Contra Costa Unified School District ("District") has determined that contractors on future projects ("Contractor(s)" or "Firm(s)") must be prequalified prior to submitting a bid or proposal on a project. This form must be completed by any Mechanical, Electrical, Plumbing, Fire Sprinkler contractor that intends to bid and perform under one of these license categories as a first-tier subcontractor to a general contractor (prime contractor) that is bidding directly to the district. Prequalification applications are due by April 11, 2025, to the district.

Deadline for Questions: April 25, 2025, 3:00 PM

**SOUTHEAST WATER POLLUTION CONTROL PLANT 940 - MAINT BLDG, INTERIM OFFICE RENOVATIONS**

**Addenda: 5**

**5/1/25 2:00 PM 25-00912 San Francisco \$15,000,000 Public Works**  
Plan Issuer: City & Co of San Francisco - Utilities QBD@sfwater.org 884-295-5417 000-000-0000  
Prebid Conf: 3/18 @ 10 AM - Teleconference Pre Bid Conference (See Advertisement for Bids for Contract #: WW-758 participation instructions)

PLEASE NOTE: THIS PROJECT IS "SECURITY SENSITIVE" AND WILL NOT BE AVAILABLE ONLINE. If interested in obtaining a bid set, please complete and return the Confidentiality Agreement (available online in the Specs Folder) to the Owner at: QBD@sfwater.org with the Contract Number and "Confidentiality Agreement to Subs/Suppliers" in the subject field.

The objective of the Project is to address current overcrowding and code-compliance issues, while maintaining productive and safe operations at SEP. Health and safety improvements include, but are not limited to, means of egress, fall arrest/ protection, emergency lighting, signage, mitigation of trip hazards, and providing safe roof access. The Work is to be performed in San Francisco, California.

LICENSE REQUIREMENTS: A Class "B" California Contractors License is required to bid. Furthermore, each listed subcontractor must possess appropriate active licenses for the work each subcontractor will be performing.

SITE INSPECTION will be held at 750 Phelps Street, San Francisco, CA 94124, at 10:00 AM on 3/19/2025. A second Site Inspection will be held on 3/31/25, at 1:00 PM. A third Site Inspection will be held on 4/28/25, at 10:00 AM.

SFPUC encourages Bidders to complete the Safety Prequalification Web Form at: <https://www.sfpuc.gov/?construction-contracts????/contract?-opportunities-payments/prequalify-construction> at least 3-weeks prior to the date of Bid opening in accordance with Section 00 21 13 - Instructions to Bidders. Bidders are required to pass the Safety Prequalification prior to SFPUC considering their bid submission complete. SFPUC will notify Bidders that have passed the Safety Prequalification prior to or on the date of Bid opening. Refer to Section 00 21 13 - Instructions to Bidders, "Bidder Qualifications" and the website listed above for additional information.

### **RFP FY25&26 LOS VAQUEROS WATERSHED DESIGN SERVICES**

**Addenda: 0**

**5/1/25 4:00 PM** 25-01329 Brentwood & Livermore **Public Works**  
 Plan Issuer: Contra Costa Water District-CCWD 925-688-8300 000-000-0000

CCWD requests proposals from firms to provide professional engineering services for projects at various facilities throughout the Los Vaqueros Watershed (Watershed) located between the cities of Brentwood and Livermore.

The Los Vaqueros Watershed (Watershed) consists of 18,500 acres of protected watershed land surrounding the 1,900-acre Los Vaqueros Reservoir. The reservoir stores up to 160,000 acre-feet of water for CCWD customers in central and eastern Contra Costa County. The Watershed and reservoir provide year-round public use opportunities for fishing, boating, hiking, and picnicking. The Watershed also provides critical wildlife habitat for many protected species, including the Alameda whipsnake, California tiger salamander, California red-legged frog, the San Joaquin kit fox, and other sensitive and endangered species.

**Public Works**

Plan Issuer: Alameda County General Services Agency (GSA)

510-208-9700

510-208-9711

Prebid Conf: 3/27 @ 10 AM via Zoom

Contract #: 902593

It is the intent of these specifications, terms, and conditions to describe generator maintenance, repairs, and services being requested by the County.

The County intends to award a three-year contract (with the option to renew for two years) to a pool of up to two (2) Bidders selected as the most responsible Bidders whose response conforms to the RFP and meets the County's requirements.

The Alameda County General Services Agency – Building Maintenance Department (GSA-BMD) is tasked with the essential responsibility of overseeing the maintenance, repair, and operational upkeep of a vast array of facilities. With a remarkable portfolio that includes over 182 buildings—ranging from administrative offices and courthouses to youth centers, veterans memorial halls, parking structures, and detention facilities, the department services a collective area of approximately 8.1 million square feet. This extensive coverage reflects the GSA-BMD's dedication to ensuring that each facility remains not only functional but also conducive to the needs of the community, providing a safe and welcoming environment for employees, residents, and visitors alike. Their efforts encompass everything from routine maintenance tasks to urgent and emergency repairs and replacements, demonstrating a commitment to excellence in public service and facility management. GSA-BMD is seeking a pool of contractors to provide generator maintenance, repair, and services within the facilities.

**ANNUAL STREET RESURFACING & PREVENTATIVE MAINTENANCE**

**Addenda: 1**

<b>5/7/25</b>	<b>2:00 PM</b>	25-01453	Pleasanton	\$4,100,000	<b>Public Works</b>
Plan Issuer: City of Pleasanton - Engineering				925-931-5650	000-000-0000
				Contract #: 25503	

There are two components to this project: The first component is preventative maintenance work in preparation for the City's Annual Slurry Seal Project; the second component is the Annual Street Resurfacing Project work.

The preventive maintenance work includes approximately 30,000 square feet of full-depth HMA repair (dig-out) and 12,000 pounds of crack sealing on various streets in preparation for approximately 740,000 square feet of slurry seal work that the City will perform under a separate contract. The preventative maintenance work shall be completed no later than August 29, 2025.

The Annual Street Resurfacing Project work involves resurfacing approximately 1,230,000 square feet of existing pavement (approximately 12,500 tons HMA) and approximately 100,000 square feet of full-depth HMA pavement repair on various streets with HMA overlay, HMA overlay with paving mat, HMA overlay over cold-planed pavement, or HMA overlay over the cold-in-place recycle pavement.

The project also includes the installation of asphalt leveling course in various locations, wedge grinding or milling, adjusting manholes and valve boxes, etc. to grade, traffic striping and pavement legends, pavement markers, traffic signal loops, traffic control and any necessary coordination with other projects occurring within the vicinity of the project site.

License Required: Class A or C-12

# **NEW SALINAS VALLEY HEALTH DRC EPIC TRAINING FACILITY & RESTROOM IMPROVEMENT**

**Addenda: 0**

**5/7/25 2:00 PM** 25-01549 Salinas \$900,000 **Hospital**  
Plan Issuer: Bogard Construction, Inc. slyon@bogardconstruction.com 831-426-8191 831-426-4921  
Prebid Conf: 4/22 @ 10:30am-12pm - 535 E. Romie Lane, Suite 6, Salinas  
Salinas Valley Health is seeking General Contracting Bids to construct Tenant Improvements in a portion of the basement level of our recently completed Garage Annex Expansion at the Salinas Valley Medical Center, located at 446 E. Romie Lane, Salinas CA. The shell was completed in 2024. This project includes initial tenant improvements on the basement level, to include a core bathroom installation and a three-chamber conference facility where chambers are separated by full height motorized folding partitions. The work includes but is not limited to: concrete slab-on-grade removal for underground plumbing, concrete patching, non-bearing partitions, new mechanical, plumbing, electrical distribution, fire sprinkler and fire alarm system modification, new floor/ceiling/wall finishes and accessories. The project will include all necessary activities, coordination, materials, labor, tools, equipment, freight, transportation, superintendence, and project management required for the safe execution of the Work. The Authorities having jurisdiction over the project will be the City of Salinas Building & Fire Departments. This is a fast-track project where time is of the essence. Portions of work necessary for the completion of the project may be secured and managed directly by the owner to maintain the most expedited project delivery.

Contract #: RJOCN-PV010,  
RJOCN-PV010,  
RJOCN-PV001

In general, a Job Order Contract (JOC) is a competitively bid, firm fixed priced, indefinite quantity contract. The Contract scope of work includes a collection of detailed repair and construction tasks and specifications that have established unit prices for Job Order Contracts (JOCs) as identified in this document. The University issues to the Contractor discrete, fixed-price task or job orders, as needed, under the contract. Under the JOC concept, the Contractor furnishes all management, documentation, labor, materials, and equipment needed to perform the work.

All CSU campuses, including the Chancellor's Office, will be participating in the CSU systemwide agreement.

000-000-0000

Prebid Conf: 4/28 @ 8:30 AM at CCWD, 1331 Concord Avenue, Concord and continue to reservoirs.

Contract #: 2614

Reservoir Caulking Services are required at various CCWD treated water reservoir sites. These caulking services will be provided by an appropriately certified and licensed commercial caulking application company. Caulking materials for the project have been specified below per the attached specification sheet(s). The reservoir sites to be caulked will be determined after the emptying and visual inspection has occurred.

A. Furnish all necessary materials, equipment, incidentals and needed labor necessary to install caulking sealant and related materials in the construction joints of various reservoirs to be identified by the Project Manager and or Operation and Maintenance (O&M) Supervisor.

B. The work includes, but is not limited to:

1. Work to be conducted in a confined space environment.
2. Caulking sealing exists construction joints in the various reservoirs with non-sag type caulking sealant.
3. Sealing intersection of floor joints with walls with special sealant system
4. Removal coordination operation of existing Caulking sealant to be disposed of according to Local, State and all Federal regulations and guidelines.

Deadline for Questions: April 28, 2025 at 5:00 PM

### NEWELL ROAD BRIDGE REPLACEMENT PROJECT, PE-12011 - CITY OF PALO ALTO

**Addenda: 1**

SC **5/13/25 3:00 PM** 25-01493 Palo Alto  
 ONLINE

\$12,000,000 **Public Works**

Plan Issuer: City of Palo Alto - DPW  
 Prebid Conf: 4/28 @ 10AM (Community Meeting Room (Ground Floor Level), City Hall, 250 Hamilton Avenue, Palo Alto)

650-329-2271  
 Contract #: IFB 194068

Remove a 114-year-old bridge located over San Francisquito Creek spanning between Woodland Avenue (East Palo Alto) and Newell Road (Palo Alto). The existing bridge is approximate 22-ft wide and 80-ft long, and abutments are located within the creek. The proposed bridge is approximately 42.6-ft by 80-ft. Work includes design and install creek protection measure, dewatering plan, demo concrete structures, install new Caltrans standard concrete structures (bridge with reinforced pile abutments, floodwalls and retaining walls), raising the approaches (4-ft - 0) and utility appurtenances (hydrant, valves, cleanouts, laterals, mainlines, manholes, etc.) to grade. Contractor is responsible for the design of retaining walls, complying with environmental permits, preparing plans (traffic control, dewatering, logistics). Additional improvements include permanent creek protection measures, water line relocation, tree removal and new planting. Work within the creek is limited to June 15 - October 15 and all work to be completed within 1.5 years. The project is funded by Highway Bridge Program (HBP), compliance with Caltrans standards and practices is required.

### 2025 HARBOR MAINTENANCE DREDGING

**Addenda: 0**

**5/14/25 1:00 PM** 25-01472 Moss Landing

**Public Works**

Plan Issuer: Moss Landing Harbor District

831-633-2461

000-000-0000

The Project is located at Moss Landing Harbor and is described as follows: Dredging specific areas within Moss Landing Harbor to include berthing areas, slips and channels, with disposal at the ocean site "SF 12" and potentially the beach disposals on either side of the harbor. The total quantity to be dredged is a minimum of 63,000 cubic yards and may exceed 86,000 cubic yards.

License Requirements: Dredging Contractors

Project Contact: Tommy Razzeca

**Public Works**

Plan Issuer: Contra Costa Water District-CCWD

925-688-8300

000-000-0000

Contract #: 2617

The Contra Costa Water District (CCWD) is seeking proposals from qualified firms to provide hazardous waste contractor services, emergency spill response, and quarterly oil-water separator pump-out, cleanout, and disposal services. The selected contractor shall ensure compliance with all federal, state, and local regulations governing hazardous waste management and disposal.

The contractor shall provide the following services:

- Perform quarterly pump-out and cleanout of oil-water separators at designated CCWD location(s).
- Remove and dispose of accumulated oil, sludge, and other contaminants in accordance with regulatory standards.
- Coordinate with disposal facility to profile and receive oil-water separator waste(s)
- Submit service reports detailing the condition of separators, amount of waste removed, and disposal documentation.

Questions concerning Reservoir Cleaning Services should be directed to the CCWD Purchasing Officer at [ccwdpurchasingrequests@ccwater.com](mailto:ccwdpurchasingrequests@ccwater.com), referencing RFP #2617 and must be received by April 30, 2025 1:00 pm (PST).

### **TURF MOWING**

**Addenda: 0**

**5/14/25 2:00 PM 25-01406 Antioch**

**Public Works**

Plan Issuer: City of Antioch - Public Works Department

925-779-7050

925-779-7062

Contract #: 988-0514-25A

**1. Mowing Schedule and Height:**

The contractor is to mulch mow (no bagging of cuttings) biweekly. The mowing height must be between 2" and 3", unless otherwise directed by the City Representative.

**2. Flexibility in Mowing Schedule:**

The City will allow flexibility on the mowing schedule, as long as turf is mowed every 2 weeks or as directed. If mowing does not occur as scheduled, liquidated damages may be enforced (see Liquidated Damages, Section 20, Page 4).

**3. Edging and Weed Eating:**

The contractor will alternate between edging and weed eating around trees, utility boxes, and valve boxes every other mowing round. For example:

o First round of monthly mowing: Mow and Edge

o Second round of monthly mowing: Mow and Weed Eat Around Trees, Utility, and Valve Boxes

o Exception: Areas 252-4521 (Downtown Area and Marina) and Antioch Police Department Offices must be mowed weekly during the active growing season (March–October) and biweekly from November–February.

**4. Coordination of Irrigation and Mowing:**

The contractor and City shall coordinate the irrigation and mowing schedules.

**5. Equipment and Labor:**

The contractor must provide all equipment, labor, and incidental items to mow and edge the turf as specified on the attached service maps (Attachment "A"). All equipment must be top-quality, commercial grade.

**6. Irrigation Defects and Damage Reporting:**

The contractor is required to report any irrigation defects observed during mowing operations (a contact number or email will be provided to the successful bidder). Any damage caused by the contractor during operations must be repaired at no additional cost to the City.

**7. Fertilizing:**

The contractor will apply fertilizer twice a year (spring and fall) to all turf areas specified in the contract.

The City will provide the fertilizer and hand spreaders. Fertilizer must only be applied to turf areas. Any fertilizer spilled outside these areas (e.g., gutters, streets, or sidewalks) must be immediately cleaned up. Fertilizer must never enter storm drains.

**8. Cleaning Mower Wheels, Blowing off Sidewalks, and Storm Drain Precaution:**

The contractor must clean the wheels of all mowers before leaving the site to avoid tracking soil onto roads, walkways, or other paved areas. Additionally, the contractor will blow off sidewalks and make a special effort to prevent cuttings from entering the storm drain.

**9. Winter Mowing Schedule Adjustments:**

The City may reduce the mowing schedule during the winter months. If this occurs, the City will contact the contractor to adjust the schedule. Leaf drop removal may replace mowing during late fall and winter if the ground is saturated.

**10. Litter Pickup and Removal of Leaves Before Mowing:**

The mowing crew must pick up all litter on the turf prior to mowing. Litter should not be mowed over. Additionally, fall and winter leaves must be removed from the turf areas prior to mowing to avoid thatch build up. If litter and/or leaves are mowed over, the cost for that specific area will be deducted from the contractor's next payment.

**11. Invoice Detailing:**

Due to various cost centers, the City will provide specific directions on how the contractor's invoice should be detailed for payment.

Contract #: 0000010586

Francisco. Attendees should enter the facility through the Musicians' Entrance at 270 Hayes St., located between Van Ness Ave & Franklin St.)

This is a roof replacement project of the historic War Memorial Opera House building located at 301 Van Ness Ave. The intent of this project is to replace the existing, and likely original, leadcoated copper roof to match. This includes replacing the mansard metal roofing around the perimeter of the original building. Some reroofing associated exterior repairs are also included in the project scope. In addition, there is a bid alternate to design and install a fall protection system and roof access ladders. The building will be fully operational and open to the public during construction.

LICENSE REQUIREMENT: Class "B" License is required to bid

For more information, contact the Project Manager, Simon Chu, at (628) 271-2957, or email: Simon.M.Chu@sfdpw.org.

Plan Issuer: County of Santa Cruz

831-454-2160

831-454-2385

Prebid Conf: 4/28 @ 10am- VIRTUAL

Contract #: 2021-RFP-063

The County of Santa Cruz invites sealed proposals from fully licensed, insured, bonded, and certified Contractors to furnish all labor, tools, equipment, and incidentals required to design, procure, build, and commission a rooftop-mounted, solar photovoltaic (PV) system with an additive alternate battery energy storage system (BESS) under a turn-key, Design-Build Engineering, Procurement, and Construction Contract (EPC Contract). This includes the design of PV and BESS, preparation and submittal of a City of Capitola (City) Building Permit application and issuance of a City permit, procurement of all materials, construction of PV system and BESS, and commissioning of the system. The target PV system size is approximately 90 kW DC and the target BESS system is approximately 35kW, 140kWh li-ion battery with islanding capability to support critical facility loads during grid outages. Final system size will be finalized with the selected Contractor.

All questions regarding this RFP shall be submitted through the Question & Answer section of this project listed on the County's OpenGov Procurement portal.

**Addenda: 1**

SC **5/15/25 2:00 PM** 25-01465 Gilroy \$520,000 **Public Works**  
ONLINE

Plan Issuer: County of Santa Clara Facilities & Fleet 408-993-4600 408-993-4895  
Prebid Conf: MAND 4/21 @ 11AM (9400 No Name Uno, Gilroy) Contract #: ITB-FAF-FY25- 263-CP24013

Work consists of:

1. Furnishing of all labor, material, superintendence, power, light, tools, appliances, equipment, machinery, supplies, certifications, services, and other means of construction necessary or proper for performing and completing the Work.
2. Involves the procurement of pre-engineered canopy materials and other materials that are approved equal upon award;
3. Removal of existing gate, pavement striping, fencing and all other work as shown in the drawings;
4. Clearing and grubbing, saw cutting, and concrete removal as shown in the drawings;
5. Installation of canopy post drilled pier footings as shown in the drawings;
6. Installation of a Pre-Engineered Aluminum Canopy covering the walkway between the hospital and an existing MRI Trailer, and includes the provision of lighting and associated site improvements to facilitate canopy installation;
7. And the installation of new linear LED light fixtures and all other associated electrical work as shown in the drawings.
8. Contractor shall include coordination with the end user and ensure that all other scopes of work shown in the drawings and specifications are included.
9. All work shall comply with HCAI/ OSHPD requirements including the Deferred Approval Process.
10. Contractor to attach their Canopy installer qualifications in their bid submission. Contractor to refer to Section 10 73 16 for Installer Qualification Requirements.
11. The Contractor shall ensure that construction activities do not disrupt MRI Trailer operations. This includes manually installing the three drilled piers closest to the MRI Trailer and Patient Lift, implementing measures to protect and allow continuous functioning of the MRI Trailer throughout construction.
12. The Contractor is responsible for the safety of their workers, considering that the MRI has strong magnetic fields that can affect personal medical devices such as pacemakers. The contractor shall adhere to all MRI safety protocols, including maintaining required safety zones.

**RFQ FOR DESIGN-BUILD SERVICES - IRVINGTON HIGH SCHOOL BUILDINGS REPLACEMENT PROJECT**

**Addenda: 0**

**5/15/25 2:00 PM 25-01521 Fremont**

**School**

Plan Issuer: Fremont Unified School District - Facilities

510-659-2559 000-000-0000

Contract #: 485-04-16-25

The District is seeking a design-build entity or team ("Design/Builder") to design and construct the District's Irvington High School Buildings Replacement Project ("Project"). The Project is further defined in the attached APPENDIX A, along with the District's expected cost range and schedule for the Project. The District's performance specifications, which the selected Design/Builder must adhere to in delivering the Project, will be made available to prequalified respondents at the RFP stage.

The selected Design/Builder must be appropriately licensed in the State of California for architectural, engineering, and construction services as needed to complete the Project. In addition, the selected Design/Builder shall have experience with both design and construction of public school facilities and in working with the Office of Public School Construction ("OPSC"), the Division of the State Architect ("DSA"), and Title 24 of the California Code of Regulations.

**Project Description:**

Construction of a new approximately 102,000 SF school building with associated sitework and improvements to replace existing occupied school buildings. The Design Build budget, including all fees and allowances, is \$90,000,000 - \$95,000,000.

The project includes phasing of abatement, demolition, sitework, modernization, and new improvements in order to transition from the old facilities and to construct the new buildings.

**\$19,500,000**

**Public Works**

Plan Issuer: City & Co of San Francisco - Utilities QBD@sfgwater.org

884-295-5417 000-000-0000

Prebid Conf: 4/23 @ 11 AM - Teleconference Pre Bid Meeting (See Advertisement for Bids for meeting link)

Contract #: WD-2927

The objective of the Project is to perform as-needed pavement restoration required per DPW Order No. 187,005 for excavations in street and sidewalks done by others. The excavations are for water service and water meter installation, meter box installation and adjustment, and also for repairing pipe leaks and main breaks. Locations of the work are at various locations within the City and County of San Francisco.

**LICENSE REQUIREMENT:** A Class "A" California Contractors License is required to bid. Furthermore, each listed subcontractor must possess appropriate active licenses for the work each subcontractor will be performing.

**PLEASE NOTE:** SFPUC encourages Bidders to complete the Safety Prequalification Web Form at:

<https://www.sfpuc.gov/construction-contracts/contract-opportunities-payments/prequalify-construction> at least 3-weeks prior to the date of Bid opening in accordance with Section 00 21 13 - Instructions to Bidders. Bidders are required to pass the Safety Prequalification prior to SFPUC considering their bid submission complete. SFPUC will notify Bidders that have passed the Safety Prequalification prior to or on the date of Bid opening. Refer to Section 00 21 13 - Instructions to Bidders, "Bidder Qualifications" and the website listed above for additional information.

### SENIOR CENTER FIRE ALARM SYSTEM REPLACEMENT PROJECT - CITY OF CUPERTINO

**Addenda: 0**

SC **5/15/25 2:00 PM** 25-01509 Cupertino \$130,000 **Public Works**  
ONLINE

Plan Issuer: City of Cupertino - DPW

408-777-3354 408-777-3333

Prebid Conf: 5/8 @10AM (21251 Stevens Creek Boulevard, Cupertino)

Contract #: CIP 2019-02

Project consists of the replacement of the existing fire alarm system of the building as it is past the end of its useful life and the main building Fire Alarm Control Panel is no longer serviceable. The intent is to replace the existing Notifier AFP-400 Fire Alarm Control Panel and provide a one-for-one replacement of all detection, notification, control equipment and wiring. The result will be an addressable, completely supervised, intelligent, digital voice fire alarm system throughout the building. To the greatest extent possible, the existing fire alarm system infrastructure, including cabling (if found to be in acceptable condition) shall be re-used throughout the building.

### **WELL REPLACEMENT AND EQUIPPING AT KENNEDY PARK**

**Addenda: 0**

**5/15/25 2:00 PM 25-01464 Hayward**

**Public Works**

Plan Issuer: Hayward Area Recreation & Park District

510-881-6715 000-000-0000

Prebid Conf: MAND 4/29 @ 10 AM at 19501 Hesperian Blvd., Hayward

Contract #: 25-103

The scope of this project is to replace the current irrigation well located at Kennedy Park, 19501 Hesperian Blvd., Hayward, CA 94541. The current well was constructed in 1978. As part of the 2019 park renovation project, well repairs were implemented to remove accumulated fill and deal with sand production from the well. Last year the recently replaced well pump failed and the park now utilizes city water for irrigation. This project will replace the existing well with a new well that is similar in functionality to the original well. The current irrigation system will need to remain operational throughout the project. Final well equipping and connections to the existing delivery system are also included in this project scope.

License Required: C-57

Deadline for Questions: May 2, 2025, at 5:00 PM

**Public Works**

Plan Issuer: EBMUD (East Bay Municipal Utilities District) purchase@ebmud.com 510-287-0447 000-000-0000  
 Prebid Conf: 4/28 @ 9 AM (Meet at 375 11th St., Oakland. The Site Walk will also include travel to 1100 21st St., Oakland. Participants will need to provide their own transportation between the two sites.) Contract #: 566 25-01

EBMUD is soliciting proposals for architectural and space planning services for two of East Bay Municipal Utility District's (EBMUD's) administration buildings in Oakland, CA. One of the buildings is a nine-story office building with basement level parking located at 375-11th Street in downtown Oakland. The other building is a two-story building located at 1100-21st Street in West Oakland. The services include conducting a space needs assessment that evaluates the efficiency of existing workspaces in each facility; determining potential needs; and analyzing space optimization for the purpose of improving efficiencies, modernizing the design to meet the needs of current and future employees. The services will also include identifying spaces that could be leased to non-EBMUD tenants or as residential spaces while maintaining security for EBMUD employees and facilities, and evaluating potential rental markets. The services will include extensive outreach and communication with all EBMUD stakeholders to arrive at a consensus strategy.

If you have questions regarding this RFP, please contact Maura Bonnarens, Project Manager, at (510) 287-1023, or by email at: maura.bonnarens@ebmud.com. To ensure a response, questions must be received no later than 2:00 PM on Wednesday, May 7, 2025.

**RFP ON-CALL UNDERGROUND WATER, SEWER, OR STORM REPAIR SERVICES**

**Addenda: 0**

**5/16/25 2:00 PM 25-01492 Antioch**

**Public Works**

Plan Issuer: City of Antioch - Public Works Department 925-779-7050 925-779-7062  
 Contract #: 968-0516-25

The City of Antioch ("City") is requesting proposals from qualified firms for On-Call Underground Water, Sewer, or Storm Repair Services ("Services"), which shall be provided under the general direction of the Collection Systems Superintendent and Water Distribution Superintendent or their designees. The selected contractor will be expected to perform complete repairs of water, sewer, and storm infrastructure within the City of Antioch on an as-needed basis. This includes emergency and scheduled work, trenching or trenchless methods, pipe replacement, rehabilitation of sewer/storm manholes and catch basins, and restoration of affected areas such as pavement and base material. Contractors must meet City construction standards and be prepared to respond to emergency calls within 24 hours and scheduled work within 72 hours. Please see the "Scope of Work" for more details.

Deadline for Questions: April 30, 2025, by 2:00 PM

### **RFQ FOR SEISMIC ASSESSMENT SERVICE AT MULTIPLE MULTI-FAMILY PROPERTIES**

**Addenda: 1**

**5/16/25 4:00 PM 25-01415 Alameda**

**Public Works**

Plan Issuer: Housing Authority of the City of Alameda

510-747-4300

510-522-7848

Prebid Conf: MAND 4/17 @ 1 PM at China Clipper Project Site, 460 Buena Vista Avenue, Alameda Contract #: SCPMRFQ AHA 04032025

The Housing Authority of the City of Alameda is seeking Qualifications and Proposals for Engineering and Consulting Services to Identify Potentially Seismically Vulnerable Buildings and provide recommendations for appropriate retrofit.

Project Background: Community safety and resiliency of the built environment is of the utmost importance to the Housing Authority of the City of Alameda (Housing Authority). The Housing Authority seeks to enlist an Engineering Consultant to evaluate the (3) following AHA properties:

#### **Property #1-**

China Clipper Apartments- 460 Buena Vista Ave., Alameda, Ca. 94501.

China Clipper is a (3) story wood framed, stucco clad residential apartment building. Built in 1964, the first floor consists of (9) carports, an entrance lobby, laundry room, and (6) residential units. The second and third floors consist of (10) residential units each.

#### **Property #2-**

Anne B. Diament (ABD) Apartments- 920 Park St., Alameda, Ca. 94501.

ABD is a (3) story wood framed, wood siding clad residential apartment building. Built in 1975, the first floor consists of an entrance lobby, managers office, community room with a kitchen, laundry and (19) residential units. The second and third floors consist of (23) residential units, each with private wood framed, waterproof balconies.

#### **Property #3-**

Stanford House- 1917 Stanford St., Alameda, Ca. 94501

Stanford House is a (2) story wood framed, wood siding and stucco clad residential apartment building. Built in 1940, the basement consists of a laundry room, the first and second floors consist of (4) residential units.

Prioritize buildings that pose the highest potential risks due to seismic events or soils in, including soft story buildings and other types of construction. The person performing the study shall be a professional structural engineer or professional civil engineer, registered to practice in the State of California.

000-000-0000

Prebid Conf: MAND 4/21 @ 2:30 PM (Meet at Harvey Milk Civil Rights Academy, 4235 19th St., San Francisco. Bidders shall meet directly in front of the school play yard entrance off Collingwood St.) Contract #: 12465

The Project is generally described as, but not limited to: Play Yard Wooden Fence Replacement. The scope of this Project includes the complete removal of the existing site fence separating the school play yard and adjacent residential properties. The existing concrete retaining wall supporting the fence will be repaired with epoxy crack injections and repair mortars where concrete has spalled. A new site fence with steel posts will be anchored to the existing concrete retaining wall and infilled with wood at the lower half and chain-link fencing at the upper half. The contractor shall furnish labor and materials to provide a 8 feet high with green fabric coverings temporary construction fencing to separate the construction area and the play yard as required for the duration of the construction.

There is hazardous materials abatement work in the project.

CONTRACTOR'S LICENSE CLASSIFICATION: In accordance with the provisions of California Public Contract Code § 3300, the District requires that Bidders possess the following classification(s) of California Contractors License at the time that the Bid Proposals are opened: Class B - General Building Contractor with asbestos and lead certification or sub-contractor with asbestos and lead certification performing the work.

Questions: William Chow, Project Manager, by email at: choww@sfusd.edu, or by calling (415) 828-7292.

Plan Issuer: Pacific West Builders, Inc. dba Idaho Pacific West Builders, Inc.				208-461-0022	208-461-0033	
PLEASE NOTE: There may be other GCs bidding this project other than what is shown on the Bidders List. Documents were provided to us by Pacific West Builders.						
The new construction development will be a 166-rental modular unit project. Martha Gardens Apartments will consist of a single six-story elevator-serviced residential building with five residential levels of modular units over a one-level podium parking structure. The design aesthetic is a blend of old and new incorporating contemporary flat roofs along 1st Street and Virginia Street, and pitched roof elements and darker colors inspired by nearby Victorian homes on the S. 2nd Street façade. Project amenities include: a podium courtyard and deck totaling approximately 11,340 square feet, a Clubroom, a multipurpose room, an exercise room, ground level lobby with mailroom, an outdoor podium level children's playground and bicycle parking spaces (short and long term).

628-271-3139

000-000-0000

Prebid Conf: 3/26 @ 10 AM (Meet at Portsmouth Square, 733 Kearny St., San Francisco)

Contract #: 0000009958

Scope of Work: This Project involves the renovation of Portsmouth Square, an existing public park located above the Portsmouth Square parking garage in San Francisco's Chinatown district. The project will demolish nearly all existing park features and the Kearny Street pedestrian bridge. The existing upperlevel restrooms and the parking garage below will remain in place. The plaza will be completed with new drainage and waterproofing, new paving, landscape planters, irrigation, decorative walls, stairs, curbs, railings, shade structures, playground structures, lighting, and electrical systems. Architectural work includes the construction of a clubhouse building and select retrofit of structural concrete. The existing Hilton Hotel building at the east side of the pedestrian bridge as well as the parking garage below shall be occupied and used by the public during construction.

LICENSE REQUIREMENT: Class "B" License is required to bid.

### 27TH STREET COMPLETE STREETS PROJECT

**Addenda: 0**

**5/22/25 2:00 PM 25-01520 Oakland**

**\$11,608,000**

**Public Works**

Plan Issuer: City of Oakland - DPW

510-238-3961

000-000-0000

Prebid Conf: 5/6 @ 10 AM via Microsoft Teams

Contract #: 1003978

The City of Oakland proposes to improve the existing bike and pedestrian facilities on 27th Street between Telegraph Avenue and Harrison Street, and Bay Place between Harrison Street and Grand Avenue. The proposed improvements include curb ramps, storm drain systems, concrete-separated protected bike lanes, buffered Class II bike lanes, pedestrian refuges, transit boarding islands, signage and striping, traffic signal upgrades, and landscaping.

License Required: Class A

Deadline for Questions: May 15, 2025, by 2:00 PM by email to [CapitalContracts@oaklandca.gov](mailto:CapitalContracts@oaklandca.gov) and cc the Project Manager.

000-000-0000

Prebid Conf: MAND 4/23 @ 10 AM via MS Tams. Site Visit: 4/30 at 501 W. 18th Street, Antioch Contract #: WH100A

The project includes one building with a total of 11,803 SF to demolish and replace several electrical systems. The existing main switchboard will be replaced with a 600A switchboard to accommodate the lighting changes and provide capacity for future electrical services. The interior lighting system will either be retrofit or new light fixtures with energy efficient light emitting diode (LED) bulbs will be installed. In addition, new power outlets will be installed on the main library floor for public use. Lastly, the installation of power outlets triggers accessibility improvements for the building which includes accessible parking re-location, path of travel improvements from the parking lot to the main entrance, and public restroom upgrades.

**RFP FOR DESIGN AND ENGINEERING SERVICES FOR THE CROW CANYON ROAD IRON HORSE TRAIL BICYCLE-PEDESTRIAN OVERCROSSING PROJECT** Addenda: 1

**5/28/25 2:00 PM** 25-01339 San Ramon

**Public Works**

Plan Issuer: City of San Ramon - Engineering

925-973-2670 000-000-0000

Prebid Conf: 4/25 @ 2 PM (Pre-Submittal Meeting) at City Hall, City Council Chambers, 7000 Bollinger Canyon Road, San Ramon Contract #: 905531

The City is releasing this RFP to select a Respondent to provide engineering and design services to complete the final engineering and design, and to provide design support services during construction for the Project in the City.

The Project arose from the desire to enhance safety for pedestrians and bicyclists using the Iron Horse Trail, improve traffic flow on Crow Canyon Road, facilitate alternative transportation, and enhance recreation. The Iron Horse Trail is a Route of Regional Significance that serves as a bicycle and pedestrian corridor through the center of the San Ramon Valley. It extends from Dublin in the south to Martinez in the north and serves both local and regional users. The Iron Horse Trail currently serves a number of important destinations in San Ramon including three schools, City Hall, a library, Central Park, Bishop Ranch Business Park, San Ramon Transit Center, City Center Bishop Ranch, and the Market Place Shopping Center. The Iron Horse Trail will also connect with the City Center and Bishop Ranch Walking District. The anticipated benefits of the overcrossing are summarized in the San Ramon Valley Iron Horse Trail Bicycle Pedestrian Corridor Concept Plan.

Deadline for Questions: May 12, 2025, 10:00 AM

### **NEW RFP FOR BOARD OF SUPERVISORS CHAMBERS AUDIO VISUAL REFRESH**

**Addenda: 0**

**5/29/25 2:00 PM 25-01601 San Rafael**

**Public Works**

Plan Issuer: County of Marin, DPW bids@marincounty.org

415-473-7877

000-000-0000

Prebid Conf: 5/7 @ 1 PM - Meet at 3501 Civic Center Dr, Room 329 (Board Chambers), San Rafael

Contract #: 2883

The County of Marin is seeking a qualified provider to modernize and enhance the audio-visual system within our chambers for Board of Supervisors' (BOS) public meetings, those of various County of Marin boards and commissions, as well as other agencies such as the Marin Housing Authority and Transportation Authority of Marin. This includes upgrading existing equipment, integrating high-tech solutions for improved sound, video, and presentation capabilities ensuring seamless, user friendly experience for meetings, public engagements, and legislative proceedings. The ideal solution will support high-quality streaming, compliance with digital accessibility, robust system reliability, and intuitive operation by staff.

The County of Marin requires potential vendors to provide detailed product information of digital capabilities meeting the Scope of Work to be submitted for consideration. Potential vendors should be prepared to demonstrate both product functionality and adherence to technology requirements and standards to the County of Marin evaluation committee for this RFP in the specified timeline.

All questions shall be submitted to Jorge Molina, Procurement Department, via email at: Jorge.Molina@MarinCounty.gov, or through the Bid Express® online platform at: <https://www.bidexpress.com/businesses/53528/home>

Deadline for submission of questions is May 14, 2025, by 2 PM.

Plan Issuer: Contra Costa Transportation Authority-CCTA

925-256-4700

000-000-0000

Prebid Conf: 4/28 @ 11 AM at CCTA offices, 2999 Oak Road, Suite 100, Walnut Creek CA 94597 Contract #: 25-01  
in the Diablo Conference Room (or via Zoom, TBD).

San Pablo Avenue is an approximately 20-mile-long arterial roadway that runs from downtown Oakland north to Crockett, spanning nine cities and unincorporated areas across western Contra Costa and Alameda Counties. As part of the Lincoln Highway that preceded Interstate 80, it frequently parallels that freeway facility and links all of the jurisdictions in West Contra Costa and Alameda Counties. Two-thirds of the project corridor runs within Contra Costa County and is controlled by the jurisdictions though which it travels, except for approximately two miles in El Cerrito, between the Alameda/Contra Costa County line and Cutting Boulevard, which is controlled by Caltrans and designated as State Route 123. AC Transit operates frequent local and rapid bus service between Contra Costa College in San Pablo and Downtown Oakland, a distance of approximately 12 miles. In El Cerrito, the Ohlone Greenway multi-use path parallels San Pablo Avenue between one and three blocks to the east.

Beginning in 2018, the Contra Costa Transportation Authority (Authority) partnered with the West Contra Costa Transportation Commission (WCCTC) and the Alameda County Transportation Commission (ACTC) to undertake a comprehensive analysis of San Pablo Avenue in Alameda and Contra Costa Counties, spanning 13 miles and seven cities from Downtown Oakland to Contra Costa College in San Pablo. Phase 1 of the San Pablo Avenue Multimodal Corridor Study (Study) focused on addressing current and future conditions in the corridor and identified solutions designed to promote multimodal mobility and safety, including a protected bicycle facility vs. parallel facility and Bus Rapid Transit (BRT) improvements. Safety is a particular concern along San Pablo Avenue as it has been identified as a high-injury facility in both MTC and CCTA's high-injury network.

## Capitol Connection Q&A for Contractors

Week of 4/28/24

By Shauna Krause, President, Capitol Services, Inc.

Who you gonna call? Ghostbusters can't help you with a license issue. I will assist in NV to get started. If it sounds too good to be true, yeah, you've heard it before so this is an easy answer, and I share my appreciation for the 'word of mouth' referrals, it's the best kind of 'advertising'...

Q: It's looking like we are going to need some additional licensing in Nevada. Our current license is a "C-21b" which only covers Air Conditioning. What are the requirements for additional licensing in Nevada? I need to figure out who in our company will meet the requirements.

A: All classifications in Nevada require the person to document at least four years of experience in the trade they are applying for. Some classifications also require a Trade exam, but *some of the specialty categories don't have that Trade exam requirement*. If you want to get back with me and let me know what classifications you are thinking of applying for, I can give you the best information.

Q: I had an "A" (General Engineering) contractor tell me recently that with his license, he is permitted to build residential homes and perform all the work a General "B" contractor can do, and not only that, but also claiming his "A" covers all of the "C" specialty categories. I have never heard this before and reading the CSLB's regulations, it doesn't appear to be accurate, but I thought I would double check with you. What are your thoughts?

A: You are correct. The "A" (General Engineering) classification *definitely does not allow* a company/individual to perform all of the separate trades in which a contractor can be licensed. There are certain classifications covered by the "A" such as Concrete ("C-8"), Earthwork and Paving ("C-12"), and several more, *but certainly not all of the work* performed by a "B" (General Building) contractor and certainly not all of the "C" specialty categories.

Q: I was referred to you by my Buddy who used your services to obtain his "C-27" (Landscaping) license. I do landscaping work, including pruning and trimming trees. I'm just wondering if the C27 (Landscaping) license is enough, or do I also need to obtain the "C-49" (Tree and Palm) contractor license, because I frequently trim palm trees?

A: I confirmed with the CSLB and a "C-27" contractor can do all of the work covered within the "C-49" classification. Therefore, you would be perfectly in compliance with the Landscaping license. Let me know if you would like our assistance with the licensing process!

Q: Is there a way I can tell if a contractor was in compliance with all of the licensing laws during the duration of a project? I'm specifically looking for Worker's Compensation information because I believe the contractor had employees out here who didn't really work for him.

A: Yes, you can order a "Certified License History" which will show you if they were in compliance with the Worker's Compensation requirements. We can order this on your behalf if you'd like, so feel free to contact my office.

While knowledge is power, knowing where to go for the answers is half the battle. Get expert assistance immediately when you call 866-443-0657, email [info@cutredtape.com](mailto:info@cutredtape.com), or write us at Capitol Services, Inc., 3609 Bradshaw Rd, Ste H, #343, Sacramento, CA 95827. ## INTRODUCTION

Your skin is your body's first defense against infection, and you can help it help you by protecting it from damage from the sun, chemicals, abrasions, punctures, and insects. Employees should avoid damage to their skin by wearing the proper personal protective equipment and following safe work practices.

## HAZARDS

- **Sun burns** – damage the skin, causes infection in some cases, and may eventually lead to cancer.

- **Cuts** – break the skin and introduce bacteria.

- **Insect bites** – break the skin and potentially transfer diseases, parasites, or poison.

- **The cold** - dries out the skin and may cause cracking or bleeding.

## How to Protect Your Skin

Employees can protect their skin from the elements and other hazards by taking the following precautions.

- When working outside, protect yourself from the sun by wearing long sleeved shirts, pants, sunglasses, and a hat with a brim to minimize the amount of sun exposure.
  - *Make sure to take all required breaks in the shade as necessary.*
  - *Always use sunscreen when working outside, even during the winter.*
- When working with chemicals, tools, or any source of heat, make sure to wear the appropriate personal protective equipment to protect your skin from burns, punctures, or cuts.
- Always wash your hands and follow proper protocol after handling hazardous substances.
- Know the insects in your area and avoid places where insects are commonly found, if possible.

## First Aid

In the event of an emergency, employees should administer immediate first aid until professional medical help can be summoned. This may include:

- **Chemicals** - If you are exposed to a hazardous substance, wash with mild soap and rinse your skin thoroughly, removing any affected clothing that may recontaminate your skin.
- **Lacerations** – Any minor cuts or scrapes should be cleaned with mild soap and water and bandaged to prevent infection.
- **Insect bites or stings** – If there is a stinger present, remove with gauze or a credit card, wash the sting or bite site, apply ice if swelling exists, and monitor for more severe symptoms.

## CONCLUSION

Your skin protects you from a lot but still requires you to protect it as well. Avoid damage from the sun, extreme cold, chemicals, insects, and tools to protect your health and tools to protect your health and safety.
